Spring 2021

COVID-19 VACCINES

Cano Health
saves lives.

COVID-19

COVID-19 remains of utmost concern for us and we continue to help our community in staying healthy.

We are currently offering vaccines to our members and the community at large in our Florida locations, following CDC and FDA guidelines and recommendations.

If you are a Cano Health member and have not received your COVID-19 vaccine, we recommend that you schedule an appointment with your Primary Care Physician (PCP).

If you are age 18 or older, regardless of pre-existing condition, you may schedule a vaccination appointment at a participating Cano Health medical center, by calling **855.CANO.MED (855.226.6633)**.

COVID-19 Symptoms

If you are experiencing COVID-19 symptoms, please call **855.CANO.MED (855.226.6633)**. You will be directed to a care manager who will assess your needs and indicate next steps for your care, including a telemedicine appointment with your doctor.

Urgent Care

As a reminder, our medical centers will always welcome urgent appointments and walk-ins for adults of all ages. In case of COVID-19 symptoms, please call **855.CANO.MED (855.226.6633)**.

Prescriptions

You should have at hand at least a 30-day supply of your prescriptions. We deliver your medicines to your home. For questions on pharmacy services, please call **305.882.9365**.

Safety at our Centers

We are observing all CDC guidelines, including mandatory face coverings and six-foot physical distancing for both patients and medical staff. For patients who require transportation, we are limiting trips only for those with confirmed center appointments. All patients will be screened prior to boarding our vehicles.
